No.: BSNLCO-LM/11(11)/106/2024-LM

Date: 05/09/2024

In a major push to unlock the value of the BSNL's land assets and monetization program, BSNL is organizing a seminar on "*Exploring Opportunities of Land Capitalization in PPP mode and harnessing Renewable Energy*" with an intent to inform about various land banks available with BSNL which are available for monetization and explore the possibilities & models under which it can be monetized.

In some of the identified land parcels spread across India BSNL wishes to set up renewable energy plants in partnership with private developers for captive use of energy produced for BSNL installations through open access routes.

All interested bidders who are interested in participating in land monetization/development in Public Private Partnership (PPP)/lease model are cordially invited to attend the seminar. The suggestions of the participants shall be valuable input in framing & finalizing the model under which the land monetization program shall progress further.

The details of seminar are as below:
